PROGRAM INTRODUCTION

HISTORY OF THE SOCIAL WORK PROGRAM

The Social Work Program at Defiance College was started in 1967 as a result of receiving the Schaufler Endowment. The original Schaufler College, was located in Cleveland, Ohio and prepared students for lives of service in Christian Education and Social Work as early as 1886. Our Social Work Program, through our Schaufler College linkage, dates back to the very beginnings of social work education. The relationship between the Schaufler Endowment and Defiance College emphasizes the college's commitment to the social work program and to all its underlying values.

The original Schaufler Chair in Social Work was Ellen Moose who taught the first social work classes. Ellen was succeeded by Elisa DeVos, whose developmental work resulted in the "approved status" designation by the Council on Social Work Education (CSWE) being bestowed in 1970. In 1974, Charles "Hobs" Hobgood was hired as the Schaufler Chair to further improve the program and lead it toward national accreditation. Charles was joined in 1977 by Professor Jeffrey Weaner. Together, they attained initial CSWE accredited status, which continues through to the present. From 1980 to 2008, Frank Sanders was an integral part of the Social Work faculty. Other full-time faculty who have taught in the program over the years include Howard Miller, Lynette Lowry, Elizabeth Collarday, and Rebecca Wiersma. In 2001, Lori Robison and Alesia Yakos-Brown became Program Director and Field Coordinator respectively. Professor Weaner assumed Program Director and Schaufler Chair in 2009, and Tess Homier joined the faculty in fall of 2014. Jeff Weaner, after thirty-nine years of service to the program retired in 2016. As a result, Professor Yakos-Brown continued as Field Coordinator and Professor Homier became Program Director in the fall of 2017.

DEFINITION OF SOCIAL WORK

The Defiance College Social Work Program embraces both global and national definitions of social work. The most recent global definition was adopted by the International Federation of Social Workers (IFSW) and the International Association of Schools of Social Work (IASSW) in July of 2014. The international organizations recognize social work as *a practice-based profession and an academic discipline that promotes social change and development, social cohesion, and the empowerment and liberation of people*. Furthermore, they identify social work *engages people and structures to address life challenges and enhance wellbeing*. (IFSW.org, 2014)

At the national level the Preamble to the NASW Code of Ethics (2017) acknowledges the primary purpose of the social work profession *is to enhance human well-being and help meet the basic human needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty*. (p.2).

These definitions emphasize social work activities that empower client systems to enhance their competence and enable social structures to relieve human suffering and remedy social problems. Major goals of social work can be devised from the common themes found within the definitions of social work.

Major goals of Social Work (DuBois & Miley, 2014, p. 8):

1. Enhancing people's capacities to resolve problems, cope, and function effectively.
2. Linking clients with needed resources.
3. Improving the social service delivery network.
4. Promoting social justice through the development of social policy.

GENERALIST SOCIAL WORK PRACTICE

The Defiance College Social Work Program develops generalist practitioners through a curriculum that applies critical thinking and reflection within an eclectic knowledge base that includes systems theory, human behavior and the social environment, social welfare policy, social work practice, research-informed practice, and professional values and ethics. (Kirst-Ashman & Hull, Jr., 2018, p. 6).

Practitioners at this level will be called upon to perform a variety of roles with individuals as well as small groups and communities in an inclusive range of practice settings. This fits well with our geographic area and rural composition. The nature of most of the area's agencies places a wide variety of demands upon professional staff. A planned change approach which emphasizes both critical thinking and a logical sequence of steps represents the basic orientation to client outcomes. This approach is built upon a framework that emphasizes client empowerment, strengths, resiliency, and the importance of human diversity, as well as advocates for social, economic, and environmental justice. The foundational value system upon which this practice methodology is built is that contained in the N.A.S.W. Code of Ethics.

A major emphasis of our program is the development of the student through activities and projects that enhance the classroom experience including: two levels of field placement, urban experiences, a highly active student organization, honor societies, service, and numerous professionalization and socialization activities.

MISSION STATEMENT

Mission Statement: The Defiance College Social Work Program strives to be a learning and nurturing community where the facets of students are developed through self-reflection, academics, and experiential learning. Our aim is to develop professional generalist social workers who embody the values of our profession, and are dedicated to strengthening the communities, groups, and individuals that comprise our diverse world. The program also strives to develop servant leaders who seek to enrich opportunities for the oppressed and are advocates for social, economic, and environmental justice.

PROGRAM GOALS

Program Goals:

1. To prepare students for immediate entry into employment through the development of the Council on Social Work Education defined competencies for Baccalaureate practice.
2. To prepare the student for licensure as a baccalaureate social worker (L.S.W) in the State of Ohio.
3. To prepare the student for graduate school education in social work by giving them a solid foundation in the five component parts of generalist social work practice: social research, social welfare policy, human behavior and social environment, social work practice skills, and field practicum in addition to curriculum content in values, ethics, diversity, social, economic, and environmental justice.
4. To promote life-long learning and professional growth for students and area social work practitioners.

Standards Social Work Education

1.0

Introduction

This document sets out Standards for Social Work Education that apply to students enrolled at Defiance College, beginning summer 2006. These Standards were adapted, with permission from the *Standards for Social Work Education* established by the School of Social Work, University of Texas at Austin in 1997, revised 1998, 1999, 2005, 2011, 2014, 2015, and 2016.

Because of the nature of professional social work practice, the Social Work Program at Defiance College has different expectations of students do non-professional programs. The standards linked to students' abilities to become effective social work professionals and are provided so that students and faculty can be clear about expectations and procedures address academic performance concerns. The ultimate goal of the Standards is to help students have a successful experience in the Program.

Since becoming a professional is gradual process, not all criteria are expected to be met at all times. Persons who teach and supervise students will assess academic performance and apply their professional judgment to determine if standards are being met during a student's career. Professional judgment is the capacity to assess a situation by applying the values knowledge of the social work profession, combined with a professional's own experience and practice wisdom. It also represents the application of knowledge, values, and skills making decisions in a helping process. All social work students will be provided with and expected to read the Standards for Social Work Education, the National Association of Social Workers (NASW) Code of Ethics and the Ohio Counselor, Social Worker, & Marriage and Family Therapist Board Code of Ethical Practice and Professional Conduct. Students will then be asked to sign an acknowledgment that they have read, are aware of the contents of, and will abide by the documents. The form will be kept in students' files.

2.0

Criteria for Evaluating Academic Performance

In order to meet its responsibilities to provide quality professional education and to ensure that its graduates are able to function in a broad variety of professional situations, the Social Work Program evaluates the academic performance of its students in four general areas: Basic Abilities to Acquire Professional Skills; Mental and Emotional Abilities; Professional Performance Skills, and Scholastic Performance. Meeting the criteria for scholastic achievement is necessary but not sufficient to ensure continued enrollment in a program. Both professional behavior and scholastic performance comprise academic standards.

2.1

Basic Abilities Necessary to Acquire Professional Skills

2.1.1 Communication Skills

Demonstrates sufficient written and oral skills to comprehend information and communicate ideas and feelings.

a) *Written*: Writes clearly, uses correct grammar and spelling, and applies appropriate writing style, including American Psychological Association (APA) referencing, appropriate source citation, and documentation. Demonstrates sufficient skills in written English to understand content presented in the program and to complete adequately all written assignments, as specified by faculty.

b) *Oral*: Communicates effectively and sensitively with other students, faculty, staff, clients, and professionals. Expresses ideas and feelings clearly and demonstrates a willingness and an ability to listen to others. Demonstrates sufficient skills in spoken English to understand content presented in the program, to complete adequately all oral assignments, and to meet the objectives of field placement experiences, as specified by faculty.

2.1.2 Interpersonal Skills

Demonstrates the interpersonal skills needed to relate effectively and appropriately to other students, faculty, staff, clients, and professionals and to fulfill the ethical obligations of the profession. These include compassion, empathy, altruism, integrity, and demonstration of respect for and consideration of others. Takes appropriate responsibility for own actions and considers the impact of these actions on others.

2.1.3 Cognitive Skills

Exhibits sufficient knowledge of social work and clarity of thinking to process information and apply it to appropriate situations in classroom and field. Demonstrates grounding in relevant social, behavioral and biological science knowledge and research—including knowledge and skills in relationship building, data gathering, assessment, intervention, and evaluation of practice. Exhibits ability to conceptualize and integrate knowledge and apply that knowledge to professional practice.

2.1.4 Physical Skills

Exhibits sufficient motor and sensory abilities to attend and participate in class and practicum placement, with or without accommodations. (See section on *Accommodations for Disabilities* for clarification.)

2.2

Emotional and Mental Abilities Necessary for Performance in the Program and Professional Practice

2.2.1 Stress Management

Demonstrates ability to deal with current life stressors through the use of appropriate coping mechanisms and/or available resources. Handles stress effectively by using appropriate self-care and developing supportive relationships with colleagues, peers, and others.

2.2.2 Emotional and Mental Capacities

Uses sound judgment. Seeks and effectively uses help for medical or emotional problems that interfere with scholastic and professional performance. Engages in counseling or seeks out support and help if personal problems, psychosocial distress, substance abuse, or mental health difficulties do any of the following:

- compromise scholastic and other performance,
- interfere with professional judgment and behavior, or
- jeopardize the best interests of those to whom the social work student has a professional responsibility (as outlined in the current Codes of Ethics by the National Association of Social Workers and the Ohio Counselor, Social worker, & Marriage and family Therapist Board).

2.3

Professional Performance Skills Necessary for Work with Clients and Professional Practice

2.3.1 Professional Commitment

Exhibits a strong commitment to the goals of social work and to the ethical standards of the profession, as specified in the NASW Code of Ethics and the Code of Ethical Practice and Professional Conduct in Ohio. Demonstrates commitment to the essential values of social work that includes the respect for the dignity and worth of every individual and the student's right to a just share of society's resources (social justice).

2.3.2 Professional Behavior

Exhibits behaviors that are in compliance with program policies, institutional policies, professional ethical standards, and societal laws in classroom, field, and community. Appearance, dress, and general demeanor reflect a professional manner. Shows potential for responsible and accountable behavior by knowing and practicing within the scope of social work, respecting others, being punctual and dependable, prioritizing responsibilities, attending class regularly, observing deadlines, completing assignments on time, keeping appointments or making appropriate arrangements, and accepting supervision and criticism in a positive manner. Works effectively with others, regardless of level of authority. Advocates for self in an appropriate and responsible manner and uses proper channels for conflict resolution. Shows a willingness to receive and accept feedback and supervision in a positive manner, as well as use such feedback to enhance professional development.

2.3.3 Self Awareness

Exhibits knowledge of how one's values, attitudes, beliefs, emotions and past experiences affect thinking, behavior and relationships. Accurately assesses one's own strengths, limitations, and suitability for professional practice. Shows awareness of self and how one is perceived by others. Reflects on one's own limitations as they relate to professional capacities. Is willing to examine and change behavior when it interferes in working with clients and other professionals.

2.3.4 Ethical Obligations

Current behavior, classroom and field performance demonstrate adherence to the ethical expectations and obligations of professional practice, noted in the NASW Code of Ethics and the Code of Ethical Practice and Professional Conduct in Ohio. Ethical behaviors include:

- Adherence to the NASW Code of Ethics and the Code of Ethical Practice and Professional Conduct of the Ohio Counselor, Social worker, & Marriage and Family Therapist Board.
- No history of charges and/or convictions of an offense that is contrary to professional practice.
- Systematic evaluation of clients and their situations in an unbiased, factual way. Suspension of personal biases during interactions with others.
- Comprehension of another individual's way of life and values. Empathic communication and support of the client as a basis for a productive professional relationship.
- Appreciation of the value of diversity. Effective and nonjudgmental relation to and work with others who are different from oneself. Appropriate service to all persons in need of assistance, regardless of the person's age, caste, class, culture, race, ethnicity, nationality, immigration status, color, religion/spirituality, gender, gender identity and expression, disability and ability, marital status, sexual orientation, genetic information, veteran status, and/or political belief. No imposition of personal, religious, sexual, and/or cultural values on clients.

- Demonstration of respect for the rights of others. Commitment to clients' rights to freedom of choice and self-determination.
- Maintenance of confidentiality as it relates to human service, classroom activities, and field placement.
- Demonstration of honesty and integrity by being truthful about background, experiences, and qualifications; doing one's own work; giving credit for the ideas of others; and providing proper citation of source materials.
- Demonstration of clear, appropriate, and culturally sensitive boundaries. Does not sexually harass others; make verbal or physical threats; become involved in sexual relationships with clients, supervisors, or faculty; abuse others in physical, emotional, verbal, or sexual ways; or participate in dual relationships where conflicts of interest may exist.

2.4

Scholastic Performance

2.4.1 Undergraduate Students

Students are considered to be in academic difficulty if their overall GPA drops below 2.25. Students will be advised to withdraw from the program if their grade point average falls below 2.0 overall or 2.0 in major. Failure to maintain a passing grade in field placement will result in dismissal. A review will be called if a student earns a D or F in any required social work courses. An overall GPA of 2.0 is required for graduation.

Students must complete the prerequisites outlined in their appropriate courses of study, as outlined in the course catalog. Students may not have grades of incomplete (I) in any prerequisites if they are to continue course work.

2.5

Sources of Information for Academic Performance Criteria

Information about students' meeting academic performance criteria in the Social Work Program may include but is not limited to any of the following:

- Feedback or reference letters from faculty, work supervisors, or supervisors of volunteer human service activity or other field experiences
- Feedback from agency-based field instructors
- Observation of classroom, volunteer, or field behaviors
- Performance in oral and written assignments, examinations, social work skills labs, or other appropriate coursework
- Student personal statements or self-assessments
- Interviews with faculty or other professionals
- Taped interview situations (audio or video)
- Feedback from students, staff, university personnel (Defiance College or other colleges and universities), helping professionals, or community members
- Feedback from faculty in other social work programs that student may have attended
- Signed confidentiality statements, academic honesty statements, contract to adhere to the NASW Code of Ethics and/or other contracts between the Social Work Program and the student.

FIELD PLACEMENT PROGRAM

PHILOSOPHY OF FIELD EDUCATION

Fieldwork has been a key component of the learning experience from the beginnings of social work education. The field experience is an opportunity for the student to apply classroom learning in a professional setting, to develop and use skills, and to test the student's commitment to social work and the values of the profession. In 2008 CSWE designated field education as the signature pedagogy of social work education. Educational Policy 2.2 states:

Signature pedagogies are elements of instruction and of socialization that teach future practitioners the fundamental dimensions of professional work in their discipline—to think, to perform, and to act ethically and with integrity. Field education is the signature pedagogy for social work. The intent of field education is to integrate the theoretical and conceptual contribution of the classroom with the practical world of the practice setting. It is a basic precept of social work education that the two interrelated components of curriculum—classroom and field—are of equal importance within the curriculum, and each contributes to the development of the requisite competencies of professional practice. Field education is systematically designed, supervised, coordinated, and evaluated based on criteria by which students demonstrate the Social Work Competencies. Field education may integrate forms of technology as a component of the program. (CSWE, 2015, p. 12)

There are two field placements in the Social Work Program at Defiance College, with the first occurring during the junior year and the second during the senior year. Prior to entering the field students must be accepted into the program and approved by the Field Coordinator through the field placement application. A student signs a contract which includes acknowledgment that the student has read the policies and procedures set forth in the Defiance College Field Manual.

In 2008 CSWE moved toward competency-based education, establishing core competencies of measurable practice behaviors (CSWE, 2008, p. 3). The goal of the outcome approach in field is to demonstrate the integration and application of the core competencies in professional practice (CSWE, 2015, p.12). The junior and senior field placements both provide generalist practice opportunities for students to demonstrate core competencies. SWK 397 Junior Field Experience is designed to provide students with experiences within eighteen of the thirty-one practice behaviors during a 140-hour placement. SWK 497 Senior Field Instruction is structured for students to demonstrate competency within all practice behaviors within a 450-hour practicum. Both field placements offer demonstration of core competencies through field activities as mutually created between student, field coordinator and the agency.

ELIGIBILITY

SWK397 FIELD EXPERIENCE

Field Experience is taken fall semester of the junior year and is taken concurrently or after successful completion of SWK355 Generalist Practice I. The minimum number of hours in the field for the junior level is 140 based on 14 weeks set at 10 hours per week.

Eligibility criteria for enrolling in SWK397 Field Experience:

- 1.) Students must be accepted for admission to the Social Work Program. (Application for admission is usually submitted spring semester of the Sophomore year).
- 2.) Students must maintain a cumulative GPA of 2.25 overall and 2.50 GPA in all 100 and 200 level social work courses required for program admission.
- 3.) Student must either enroll in SWK355 Generalist Practice I or have successfully completed SWK355 Generalist Practice I.
- 4.) Students must complete an Application to Field Placement and submit it to the Field Coordinator.

*** SWK397 Junior Field Experience Syllabus is located in the Appendix**

SWK497 FIELD INSTRUCTION

The student is required to enroll for a total of nine credits of field instruction.

This would be a minimum of 450 hours in the field based on 15 weeks at 30 hours per week. On this level, the student is expected, under supervision, to begin to work independently. The tasks the student is responsible for will vary in accord with the agency and the student's capacity. The Senior Seminar adds the dimension of group supervision and discussion to the student's experience in addition to the individual supervision provided at the agency.

Eligibility criteria for enrolling in SWK497 Field Instruction:

- 1.) Students must maintain a cumulative grade point average of 2.0 overall and 2.5 in all Pre-professional and professional social work courses taken.
- 2.) Students must have demonstrated successful completion of SWK397 Junior Field Experience or field practicum for transfer students.
- 3.) Students must have completed all required course work or, with permission from the program, enrolled concurrently with field.
- 4.) Students must submit an application to Field Placement along with a resume and reference list to the Field Coordinator.
- 5.) Students must provide proof of professional liability insurance.
- 6.) Students must enroll in SWK498 Senior Seminar

*** SWK498 Senior Seminar Syllabus is located in the Appendix**

APPLICATION TO FIELD PLACEMENT

The field placement process begins with the student's application for fieldwork. It is the responsibility of the Field Coordinator to provide field placement resources. A student with a particular interest in a new agency may discuss the agency with the Field Coordinator. The Field Coordinator will assess the agency to determine if it meets the criteria outlined in the Field Instruction Manual. Students must keep in mind the time required for approval and that final responsibility for approval lies with the Field Coordinator.

Students are required to submit an application for field placement very early in the semester preceding field placement. It is the responsibility of the student to take the initiative in obtaining and submitting this form.

The Field Coordinator will verify eligibility for field placement. Students are eligible for Field Placement when they have met the following criteria.

1. Admission to the Social Work Program
2. Completion of application to field placement
3. Completion of all appropriate course work
4. Evidence of appropriate grade point averages for admission to field
5. Satisfactory completion of Junior Field Placement (Seniors only)
6. Registration for Senior Seminar SWK498 (Seniors only)
7. Proof of student professional liability insurance (Seniors only)

PAID PLACEMENTS

Paid placements are permitted as long as the field instruction remains educationally focused rather than centered on agency services. This type of field practicum should be administered in accordance with the field instruction policies and procedures as established by the program for all students. Paid placements are to be differentiated from places of employment.

FIELD INSTRUCTION IN PLACE OF EMPLOYMENT

Specific criteria need to be followed to ensure field instruction remains educationally focused rather than solely centered on provision of agency services. Likewise, a practicum within a place of employment should be administered in accordance with the field instruction policies and procedures as established by the program for all students. To ensure an educationally focused practicum the following guidelines must be met:

1. The agency meets the standards for consideration as a field agency as established by the program for all placements.
2. Field instruction hours and assignments are completed in a different program or service area than from the area of employment, and offer a new and different learning experience than those experiences within regular employment.
3. The agency has a qualified social worker who can serve as the field instructor and who is NOT the supervisor for regular employment.

FIELD ROLE CLARIFICATION

Responsibility of Agency Personnel:

1. There is no financial obligation on the part of the agency. It is suggested that a mileage reimbursement be given for assignment benefiting the agencies involving the student using their vehicle.
2. To provide the student with experiences which will meet the stated objectives as contained in this manual for each field level.
3. To hold the student responsible for assignments made by the agency either in terms of time, attendance, or other agency requirements.
4. To provide an experienced degreed social worker as a resource person for the student and to act as their supervisor.
5. To provide opportunities for supervision of the student. This could be through individual conferences, joint conferences or staff meetings.
6. To provide an evaluation of the student in a form supplied by the College.
7. To participate in field instructor trainings.
8. To follow equal employment standards with regard to race, ethnicity, nationality, culture, immigration status, color, sex, sexual orientation, gender, gender identity and expression, generational status, genetic information, marital status, age, caste, political ideology, religion/spirituality, class, veteran status, immigration status, tribal sovereign status, legal status, disability and ability.

Responsibility of the College Faculty:

1. To coordinate the program between each placement agency and the student.
2. To provide all pertinent information on the student to the placement agency.
3. To inform the placement agency of what the student is learning in the classroom and is expected to know.
4. To provide the placement agency with the student evaluation and evaluation of program forms.
5. To assign a faculty member as a liaison person to the placement agency and to the student and to have this liaison contact in person in the field setting a minimum of two (2) times per semester.
6. To assume final responsibility for interpreting student responsibilities to the student.
7. To assume final responsibility for evaluating the student, placing emphasis on the evaluation made by the placement agency.
8. To provide educational seminars for the field instructor to completely understand the generalist model, the education expectation for field based learning, and other relative matters.
9. To review all written materials, including the field manual, field logs, field evaluations, and final assignments.

Responsibility of the Student:

1. To meet the responsibilities placed upon any student in the College.
2. To arrange with the placement agency the student's own schedule of time for the field experience.
3. To meet all requirements the placement agency sets for students or employees. Agency preference for continuity will be followed.
4. To arrange transportation to and from the agency.
5. To assume full responsibility for any commitment made by the student to the agency.
6. To keep a weekly log on activities and monthly time sheets.
7. To attend group seminars or individual conferences with College Instructor.
8. To work within the guide of the NASW Code of Ethics.
9. To meet with the individual's field instructor regularly and to keep faculty liaison updated on field progress.
10. To complete the appraisal of field instructors form, evaluation of field placement form, and a self-evaluation within the student field evaluation.

FIELD AGENCY SELECTION

Field practicums are pursued where students will have the opportunity to practice generalist social work and demonstrate program competencies within practice behaviors. A variety of social work settings is sought so that the interests and skills of students can be matched with agency needs, resulting in a mutually beneficial placement. A majority of agencies are located within fifty-mile proximity of the college within rural northwest Ohio, however placements outside the immediate area are encouraged and supported, especially those within urban settings. Agencies that are selected for student placements have the following characteristics:

- Agency has a volume and flow in its programs that offer a wide range of learning experiences with multi-level client systems.
- Agency provides opportunities for practicing the full scope of generalist social work.
- Agency maintains a learning environment that supports demonstration of program competencies within all levels of social work intervention.
- Agency clearly defines its mission, programs and intervention methods.
- Agency ensures weekly supervision to students by qualified social workers as well as professionals from related disciplines.
- Agency provides adequate student orientation including safety precautions and takes necessary measures to protect student safety.
- Agency provides services to diverse population groups in consideration of ethnicity, race, national origin, immigration status, color, sex, gender identity or expression, social class, age, religion, marital status, sexual orientation, genetic information, physical or mental ability, political beliefs, or veteran status.
- Agency complies with the NASW Code of Ethics.
- Agency supports the educational goals and mission of the Social Work Program of Defiance College.
- Agency ensures a system of community accountability (i.e., board of directors, accrediting agency, fiscal reviews, etc...).
- Agency does not engage in illegal discriminatory practices in hiring, acceptance of students, or clients and supplies evidence of anti-discrimination or harassment policies.
- Agency maintains sufficient staff to support the mission of the agency without reliance on students.
- Agency releases staff to attend field instructor training as offered by the college.
- Agency is willing to sign the Field Agency Contract.

Agencies that should not be considered for student placements include the following:

- Agency is without a key supervisory or administrative position.
- Agency is undergoing massive reorganization.
- Agency is suffering unusually, intense morale problems, resulting in high staff turnover.
- Agency is not in compliance with applicable federal, state, or local laws regarding non-discrimination.
- Agency consistently refuses to release staff to attend training provided by the college for field instructors.
- Agency does not meet the criteria for field instructors as designated by the Social Work Program of the college.

*** Field Placement sites are located in the Appendix**

FIELD INSTRUCTOR SELECTION AND TRAINING

The Defiance College Social Work Program provides quality field instructors dedicated to mentoring students through its field education. Agency field instructors possess degrees in social work from CSWE accredited programs, as well as post-degree practice experience within social services. Likewise, field instructors show evidence of competence in the field, typically being state licensed, and adherence to social work values and NASW Code of Ethics. Instructors exhibit a willingness to provide meaningful supervision that invites students to process and reflect on field experiences toward effective generalist practice. Additionally, agency field instructors demonstrate the ability to select appropriate learning opportunities that results in the integration of academic content with practicum experiences. An agency field instructor must meet the following criteria:

- Received a B.S.W. or M.S.W. degree from a CSWE accredited school.
- Completed two years post degree practice experience in social services.
- Commits to the values of the social work profession and abides by the NASW Code of Ethics.
- Exhibits competence in social work practice, such as being licensed.
- Demonstrates an interest and ability to mentor social work students, including the ability to select appropriate learning experiences and the ability to integrate academic content with practicum experiences.
- Knowledgeable about the community surrounding the field setting and its resources.
- Commits to being available full term of the field placement, and maintains the support of the agency in undertaking the supervision of a student.
- Attends field instructor orientation and training as needed, and/or willingness to be available for individual orientation and instruction by the college Field Coordinator.
- Openness to reflect on own professional practice for educational purposes of mentoring students.
- Provides meaningful supervision time for students to process and reflect on their experiences.

In all practicum placements the emphasis is to provide the student with an appropriately matched field site with B.S.W. or M.S.W. supervision. However, there are a few potential practicum sites in the northwest Ohio area that have no degreed social workers on staff, even though these agencies provide generalist social work service. To rule these sites out of consideration deprives students of potentially excellent exposure to social work populations. It also deprives agencies of the opportunity to be exposed to the advantages of professional social work training, and the social work profession the potential for upgrading educational requirements in future job openings. Therefore, the Defiance College Social Work Program is open to placing a limited number of students, particularly at the junior field level, in such placements given the following:

- The designated field instructor possesses credentials appropriate to services provided at the field setting. Examples include a grandfathered LSW, national or state certified professionals, or degreed professional in a related field such as psychology, counseling, or criminal justice.
- The field instructor has appropriate length of practice experience in relation to the services provided at the agency field setting.
- The agency director and designated field instructor understand the link between their services and BSW generalist education.
- The field instructor is willing to attend orientation and training as needed, and/or willingness to be available for individual orientation and instruction by the college Field Coordinator.
- The field coordinator has been given the necessary “release time” by the program to provide necessary support, education and supervision.
- The field instructor is aware of the values of the social work profession and NASW Code of Ethics.
- The designated field instructor is knowledgeable about the community surrounding the field setting and its resources.
- The field instructor commits to being available full term of the field placement, and maintains the support of the agency in undertaking the supervision of a student.
- The field instructor demonstrates an interest and ability to mentor social work students, including the ability to select appropriate learning experiences and the ability to integrate academic content with practicum experiences.
- The field instructor is willing to reflect on own professional practice for educational purposes of mentoring students.
- The designated field instructor provides meaningful supervision time for students to process and reflect on their experiences.

MALPRACTICE LIABILITY INSURANCE

It is **strongly recommended** of Junior students during the Field Experience and **required** of Senior students during the Field Instruction to carry malpractice liability insurance. Senior students placed in a field practicum must provide proof of student professional liability insurance prior to the beginning of the practicum. Student professional liability insurance is available from NASW as well as other sources.

GENERAL LIABILITY

Students are recommended to review the general liability coverage of the field placement and of the Defiance College.

PROBLEMS IN THE FIELD PLACEMENT

Rarely, but occasionally problems arise in field placement. A problem could center upon the students functioning within the field placement setting, or the concern could be with the field agency not providing the experience that is necessary for the student.

PROBLEMS WITH THE STUDENT IN THE FIELD PLACEMENT

There are times when problems arise due to inadequate performance of the student in the field placement. In the case of direct violations of the NASW Code of Ethics, Ohio licensing law, or the Defiance College Standards of Social Work Education, the agency field instructor should contact the field coordinator for consultation at the earliest possible convenience. Under normal circumstances, the student is to be promptly informed by the agency field instructor of any problem(s) generated by the individual's actions or behavior. To remedy the situation the student should be given clear instructions on what improvement is expected and a time line for such improvement. If the problem is not resolved within this supervisory process, then the field coordinator should be contacted. The field coordinator will call a meeting between the student and field instructor to devise a general strategy to resolve or alleviate the problem. If the problem continues and is not resolved, or a more serious problem arises, then the student will be terminated from the placement. Depending on the nature of the concern the student may be placed in another agency at a later time, or may be asked to reapply to the program with acceptance before consideration for future placement. In the event of the latter, the student upon re-application to the program will provide evidence of actions taken to prevent future problems within the field before consideration of re-acceptance to the program and field. At the time of dismissal, the field coordinator will complete the Reason for Removal Form.

PROBLEMS IN THE FIELD PLACEMENT AGENCIES

Problems can arise at a field placement agency that affects the quality of a student's education. In issues involving the field placement the student or agency should notify the field coordinator at the earliest possible convenience. Plans to improve the situation will be the first step, however other measures may be necessary to ensure the educational focus of the practicum. For example, if the field instructor has not been adequate, the field coordinator may request a change of supervision within the agency. However, if the agency is not able to provide adequate supervision, the student will be removed from the field agency and reassigned. The agency will not be considered for further placement of students until the problems have been rectified. At the time of removal, the field coordinator will complete the Reason for Removal form.

HARASSMENT OR DISCRIMINATION INVOLVING FIELD PLACEMENT

Defiance College seeks to create and maintain an academic environment in which all members of the community are free of harassment and discrimination of one's basic civil rights. Policies are outlined in the Defiance College Student Handbook. These policies also apply to students in field practicums. Any incident should be reported to the college Field Coordinator. If necessary, the matter will be directed to the Social Work Program Director for appropriate action under college policy. Students are encouraged to obtain a copy of the harassment policy from a perspective field placement. If no such policy exists within a particular placement, the Program will strongly urge development of such policy before future placements of students.

ACCESSIBILITY SERVICES

Defiance College is committed to providing educational opportunities for qualified students with documented disabilities through the provision of reasonable accommodations, in compliance with the provisions of the Americans with Disabilities Act (ADA) of 1990 and the Rehabilitation Act of 1973 (Section 504). The purpose of accommodations is to provide equal access to educational opportunities without altering essential

elements of programs or courses. All requests for accommodations are evaluated on an individual basis after review and evaluation of documentation. It is the responsibility of the student to request necessary accommodations and the student should do so as early as possible, as some accommodations may require time to implement. Students with a documented physical, psychological, or learning disability must submit appropriate documentation to Defiance College's Accessibility Services Coordinator, Kris Knight.

POLICY ON INDIVIDUALS WITH DISABILITIES

The Social Work Program of Defiance College is committed to providing all admitted students with opportunities to take full advantage of the college's educational opportunities. Students with disabilities who wish to request accommodations in the field placements should contact the Field Coordinator. The Field Coordinator will work with the student and the field placement agency to coordinate reasonable accommodations that do not impose any undue hardship on the program or the agency. Students should also request accommodations on the Placement Application.

GRADING POLICY

The SWK 397 Junior Field Experience of 140 hours is a Pass / Fail course. Unlike the junior experience, students within SWK 497 Senior Field Instruction receive an actual letter grade. The grade received within a field placement is based upon completion of Student Learning Agreement Activities and obtaining a competency level or above on the CSWE competencies for baccalaureate students, both contained within the perspective field evaluation forms. The Agency Field Instructor evaluates student performance with input into the student's grade, however the College Field Coordinator assumes final responsibility for grading.

GRIEVANCE PROCEDURE

All students have rights to grievance procedures if they feel they have been treated unfairly. Social Work majors are encouraged to speak directly with the faculty member or agency field instructor with whom they have a grievance as the first step towards the resolution of the difference. If the student still feels these rights have been violated, a meeting can be scheduled with the student, faculty member or field instructor, and the Program Director. Should a satisfactory solution not come forth from the meeting, an appeal may be made to the Chair of the Business, Education, and Social Work Division and a subsequent meeting of relevant parties might be arranged. Every attempt is made to resolve the issue within the Department. However, if an academic grievance still remains unresolved to the parties' satisfaction, the student may submit an appeal in writing, to the Chief Academic Officer. The Chief Academic Officer will rule on the appeal.

WEATHER EMERGENCY AND FIELD HOURS

Students are not expected to travel in the event a field agency closes or an emergency level is issued prohibiting travel in the student's area of residence or at the location of the field agency.

READMISSION OR REASSIGNMENT PROCEDURES FOR A SECOND FIELD PLACEMENT OPPORTUNITY

Student receiving an unacceptable grade in the field placement or being asked to leave may apply to be readmitted to the Social Work program and to a field placement. The prospective student must submit the application to both the field and program with the accompanying three letters of recommendation along with a written statement that included the following:

- 1) Students must provide a written explanation of the concerns that resulted in their termination from the Program. Students should include an acknowledgement of the deficiency in their previous performance as well as evidence that the deficiency has been removed. Students should also include a plan for continuous improvement and for preventing a reoccurrence of events.
- 2) The student must submit their reasons for their wish to return to the Program and to complete their social work degree.
- 3) Students must be in good standing with the college academically and financially.

The application and accompanying documentation should be submitted to the Social Work Program Director. Upon receipt of required materials, an interview will be conducted with the student and the Social Work Program faculty.

Following the interview, the Social Work faculty will make a decision regarding readmission. If denied readmission, the student may follow the steps outlined in the Grievance Procedure.

FIELD AGENCY CONTRACT

This contract is between: _____ and DEFIANCE COLLEGE.
(Agency name)

This agreement is made on _____ between Defiance College, Defiance, Ohio,
(Date)

and the agency Field Instructor: _____
(Agency Field Instructor's name)

This agreement establishes a relationship between the Agency and school for the purpose of providing a field-based educational learning experience for the Social Work students of The Defiance College. This agreement may be broken by notice of either party, at any time, but in regard to professional consideration it is expected that both parties will keep the needs of the students uppermost in this decision. It is expected that if a student placement is in operation, it should be carried through the current semester unless there are extreme circumstances. The agency is expected to notify the college if it does not intend to participate in future field placements.

The Agency and College mutually agree to the following:

I. The Agency is:

1. To provide the student with the experiences that will meet the objectives for the student learning experience.
2. To follow equal employment standards with regard to discrimination to students with regard to race, ethnicity, religion/spirituality, genetic information, nationality, color, culture, immigration status, legal status, sex, gender, gender identity and expression, generational status, sexual orientation, marital status, age, caste, class, disability and ability, political belief/ideology, tribal sovereign status or veteran status.
3. To provide a supervisory person who has the expertise and experience to provide for the student's learning experience.
4. To be listed as an affiliate agency of the Social Work Program of The Defiance College.
5. To allow the Field Instructor appropriate time to carry out the responsibilities to the student.
6. To permit the Field Instructor to be involved in the field meetings and educational seminars.
7. To provide the student with an orientation to the agency including safety precautions.

II. The Defiance College Social Work Program is:

1. To provide a faculty liaison (Field Coordinator) between the student and agency Field Instructor.
2. To provide a field contract to give direction to the field-based learning.
3. To provide education for enhancing the agency Field Instructor's ability to work with undergraduate students in Social Work.
4. To provide a Field Manual that contains a complete description of the expectations and objectives of the Field Program.
5. To provide materials for an evaluation of students while they are in field placement and assume final responsibility for grading.
6. To secure the Agency's acceptance of a specific student and to provide the necessary information on that student to the Agency personnel.

I hereby agree to the above contractual conditions.

- ✓ Grading Policy
- ✓ Standards for Social Work Education
- ✓ Reasons for Removal
- ✓ Termination Policy
- ✓ Grievance Procedures
- ✓ The NASW Code of Ethics
- ✓ Technology in Social Work Practice
- ✓ Ohio State Licensing Laws

I agree to:

1. Be punctual, reliable and show maturity where agency matters are concerned.
2. Notify agency Field Instructor if unable to be at the agency on any scheduled day. In case of absence from fieldwork, arrangements must be made with the Field Instructor to make up the missed time.
3. Meet with the Field Instructor for a minimum of one hour weekly.
4. Complete weekly conference record forms.
5. Wear appropriate attire
6. Abide by the NASW Code of Ethics and Defiance College Standards of Social Work Education
7. Complete all assigned tasks in a timely fashion
8. Share responsibility with agency Field Instructor in preparing the Learning Activities.
9. Discuss any difficulties with the field experience first with the agency Field Instructor, and, if necessary, with the college Field Coordinator.
10. Consult with agency Field Instructor prior to any use of case material in the classroom.
11. Be available and prepared for visits by the college Field Coordinator
12. Be prepared for meetings with agency Field Instructor.
13. Be responsible for transportation to and from the field agency.
14. Agree to complete required field placement hours.
15. Agree to share personal information that is relevant or affects their performance in the
16. Field Placement with the agency Field Instructor and college Field Coordinator.
17. Agree to a background check if required by the agency for placement.
18. Agree to update immunizations, submit to health tests, and obtain instruction on universal precautions for occupational pathogens, if required by the agency for placement.

SAFETY TIPS FOR SOCIAL WORKERS

RE M I N D E R S

I. RECOGNIZE WHEN YOU ARE IN DANGER

1. Pay attention, keep thoughts focused on the present
2. Do not deny the possibility of violence; see it coming
3. Learn de-escalation techniques
4. Have a plan, consult yourself
5. Trust your feelings and be ready to take action
6. Be flexible in thinking and in movement
7. Stay centered and balanced and breathe

II. ON THE STREET

1. Know what and who is around you; keep aware
2. Walk assertively and make eye contact
3. Do not look like a victim or target
4. Conceal your money and jewelry
5. Keep a safe distance from aggressors
6. Change directions if you think you're being followed
7. Carry change for a phone call
8. Carry a cell phone for emergencies

III. CAR SAFETY

1. Students should not transport clients in their private vehicles. Any injury incurred would be directed to the student's private insurer.
2. Keep your car in good order and the gas tank filled
3. Have your keys ready before you reach your car
4. If your car breaks down, stay in the car and wait for the police or tow truck. Put a CALL POLICE sign in the window
5. If available, use a cell phone to call for help.
6. Keep your doors locked and windows rolled up as much as possible
7. If you're being followed, drive to nearest police station or gas station; honk and turn on emergency flashers
8. Be especially careful in parking garages or lots;
 - a. Do not park near vans, you can be pulled in through sliding doors
 - b. Look under and in the back seat of your car, before entering
 - c. Look around before you exit your car

IV. FIELD PRACTICUM

1. Complete safety orientation at the field agency.
2. Know the agency's emergency and safety procedures.
3. Have all immunizations appropriate to the worksite.
4. When departing the agency on field business:
 - a. obtain accurate directions to the intended destination
 - b. leave the make, model and license number of your private vehicle, or other mode of transport
 - c. log the date and time of departure and anticipated return
 - d. indicate the name, address and phone number of the destination
5. Students should not be left alone in the building of any practicum setting.
6. Avoid being alone with clients known to be violent.
7. If available, carry a cell phone for emergencies

V. USING PUBLIC TRANSPORTATION

1. Try to sit near the driver
2. Look for alarm
3. If someone is following you when you get off walk to populated area, avoid walking directly home

IMMUNIZATIONS AND HEALTH CONCERNS

Students should update all immunizations prior to a field practicum. Defiance College, within The Immunization History Form of the admissions process, lists the following immunizations: MMR, DPT, Polio, Chicken Pox, Hepatitis B and Meningitis. Another immunization to consider is Hepatitis A. Some field agencies may require or offer immunizations prior to entering a practicum. Immunizations are offered at the Defiance County Health Department (419-784-3818). The student should be prepared to pay for any part of the cost not covered by one's health insurance.

With the prevalence of tuberculosis increasing, some field agencies, particularly those within health settings, may offer and require TB testing prior to beginning a practicum. Defiance College requires for admission proof of the Tuberculin Test within one year. The student should be prepared to pay for any part of the cost not covered by one's health insurance.

CRIMINAL BACKGROUND CHECKS

Field agencies may require students to submit to criminal background checks prior to an agreement to serve as a placement site. An agency may require background checks at the student's expense. Therefore, the student should be prepared to pay for the cost of any requested background checks.

DESCRIPTION AND RATIONALE

The emphasis is to be given to integration of all previous course content in social work with concurrent senior field instruction. This course requires regular reporting of field activities and assists students in achieving learning objectives of the field practicum. Consideration is given to the application of the generalist practice model of social work to the field.

HIGHER LEARNING COMMISSION

This course complies with the Higher Learning Commission (HLC) policy passed by the Defiance College faculty requiring an assumed 135 hours of effort for one 15-week semester. It is assumed there will be 9 hours of work per week x 15-week semester = 135 hours of student effort. In general, you are expected to work independently for a minimum of 9 hours per week in this course.
